President's Message

The President's Address

By Ed Braun

As I'm writing this in February, like you, I'm sure we are all looking forward to the opening of the course this spring. Our weather and other factors make us yearn for the fresh air, exercise and camaraderie we enjoy at our excellent facilities.

We have had two successive strong years, reaching over 600 members in 2021, a number we have not seen for quite a few years.

We are cautiously optimistic of continuing the strong trends. Our reputation as the area's premier golf course continues to grow resulting in record numbers of rounds by members and guests. Fortunately, our 27 holes can accommodate this level of activity as we meet the increased demand.

Planning is underway for our 100 year anniversary in 2025 and this includes the 2024 Canadian Senior Amateur Championship in September. This is a highly prestigious event with competitors from the U.S., Europe and Canada. Many volunteers will be required as we facilitate the event and showcase our club. A committee is actively engaged and will welcome assistance as we progress in our planning phases.

Our management team is led by GM Brad Young, with Mike Pellerin as our Course Superintendent, Donna Dollmaier as Financial Administrator and newly added Lance Fullerton as the Director of Golf.

I want to thank and recognize our dedicated employees, fellow Board members and the many volunteers, all of which add up to a strong and successful club. Without everyone's efforts we could not be successful and maintain our reputation as the area's premier golf destination.

We truly do have a vibrant club within a vibrant community.

Please come and join us, whether for a day, a few days, or for another season, you won't be disappointed, all are welcomed!

Message from the General Manager

From the Manager's Desk

by Brad Young

As our 97th season nears, I'd like to reflect on the outstanding 2021 season that was had at Saugeen Golf Club while also taking an opportunity to focus on what the future has in store.

One thing that continues to leave me speechless is the on-going support from our membership and community. Whether it's making me feel welcome or the outstanding dedication from our members in doing anything necessary to see this golf club succeed, one thing is apparent: this is home

Once again, a huge shoutout to our maintenance department. Mike Pellerin and his crew continue to do an outstanding job. The daily conditions that are created by Mike and his team definitely sets the bar not only for this area but across Ontario and the rest of our Country. It hasn't gone unnoticed. The exposure that has been created by these phenomenal playing conditions has SGC at a point that golf tours are banging down our doors for the opportunity to host an event at Saugeen Golf Club.

With these playing conditions, we've seen back-to-back significant increases in our membership and rounds as a whole. Our daily tee sheets are full from 7am until sundown. Despite another Covid-19 ridden year and the late start because of it, we still managed to generate well over 40,000 rounds. In fact, we're projecting our membership to grow in upwards of 650 members for the 2022 season.

Covid-19 continued to play a role in terms of what services we could offer from a golf operations perspective. That being said, customer service will continue to be the main focus of our golf operation and we look forward to introducing new methods of stepping up our game. We're extremely excited to announce that Lance Fullarton will be taking over the reigns as Head Professional. Lance brings a wealth of experience that will aid in the leadership and development of our entire golf staff. He will be joined by Riley Schaus who will be returning for his 3rd full season at SGC. We would like to congratulate Riley on earning his Pro card during the 2021 season.

Saugeen Golf Club decided to take a different approach of operating our Food and Beverage in 2021. We leased out our operation to Gimmies on the Green. A three-year agreement was signed in hopes of improving customer service, menu options and quality. As the season went on, large improvements to all three areas were very noticeable. We look forward to continued growth between our partnership

At Saugeen Golf Club, customer service will always remain our top priority. We will continue to look for innovative ways to accomplish our goals. I truly believe the sky is the limit for Saugeen Golf Club and I'm extremely excited to see what the future has in store.

A Tribute to Hank Smith

by Rod McDonald

In the nearly 100-year history of the Saugeen Golf Club few had as much impact over a longer period of time than Hank Smith.

Hank passed last year but his effect on the club and the people who knew him well will be remembered for years to come.

For Harry "Hank" Smith the club was a large part of his life. As a youngster, he caddied at the club. He became a member in 1948 and went on to become club captain in 1954. As president from 1965 to 1967 he headed the committee which oversaw the building of the present clubhouse.

However, Hank's greatest impact may have been as manager of Saugeen from 1967 to 1989. His wife, Joan, became manager of the restaurant. The people he worked closely with remember him fondly.

"Hank was a consummate professional," says pro shop alumni, Steve Caloren. "He and Joan kept the property looking like a postcard.

"He was a mentor, and he cultivated a real team atmosphere. He taught us how to treat the members and customers, make them feel special and give them a great Saugeen experience.

"He taught us to show pride in the club by taking care of the little things. Making sure the facilities were spotless and making sure we were appropriately dressed – Saugeen shirts, white belts, white shoes and dress pants.

"He and Joan would often bring us dinner after the restaurant closed."

Howie Wark, another pro shop graduate, credits Hank with influencing his decision to join the golf industry.

"There are not many days when I'm visiting a club that I don't think back to watching and listening as a golf company rep visited the pro shop to see Hank.

"Obviously there have been a great many changes at Saugeen over the last 40 years but many of the solid business practices and ethics we learned from Hank are just as valid today. He took a great deal of pride from the boys he mentored.

"Saugeen had a lot of influential people coming to play who were members at private clubs back home. Hank encouraged us to give them as good or an even better experience as they had at their home course.

"The bottom line is Hank was the best person a student could ever work for."

Mark Rosner says the tee time sheet was treated as an almost sacred document.

"It was sort of held in strictest confidence by the pro shop and the starter. The tee times were managed to the minute and Hank introduced the idea of groups being called to the tee over the public address system. Members and guests would wait patiently until it was their time to tee off. The "on deck" players were also announced.

"Hank was a huge hockey fan, and he was always proud when an NHL player or a celebrity would come to the course. Wayne Gretzky's visit may have been the most exciting."

Hockey players Jean Ratelle, Gary Dornhoefer, Tom McKegney, Harry Howell, referee Frank Udvari, and golfers Gary Cowan and Gus Maue were among the celebrities that came to Saugeen during Hank's tenure.

The golf course also got some upgrades while Hank was manager.

The greens on Legacy 1, 4, and 9 and Sunset 3, 4, 6 and 7 were all enlarged. The green on Legacy 5 was moved to its present position on top of the hill and Legacy 7, which had been a short straight hole, was turned into the dogleg we know today.

The hill on Sunset 1 was notched out and a new green was built. The green on Sunset 2 was moved back about 50 yards to its current location. Sunset 5 became a new hole with new tees, the pond and a new green. The blind shot on Sunset 8 was eliminated by opening a notch in the hill.

Hank may have retired in 1989 but Saugeen was never far from his mind. When Howie Wark would visit him in later years it wasn't long before the conversation would turn to the club.

"He would want updates on everyone who had worked in the pro shop," Howie says.

Writer's note: I always appreciated Hank's sense of fairness. When tee times were first introduced, you couldn't book until after 4 p.m. the day before. You would either line up in the pro shop or phone in. If the phone rang even seconds before the time, Hank wouldn't answer. There was no way anyone was booking until the pro shop clock said 4 p.m. Hank would also ride out and see how things were progressing on the course. If your group was slow, you were politely told "speed it up." — RM

Coprorate Memberships

A New Step for Saugeen

A new and exciting Corporate Membership program is being offered at Saugeen for the 2022 season. Having a strong business community in Saugeen Shores, combined with a rapidly growing economy, means a membership that benefits your business couldn't come at a better time. As the premier golf course in the local area and beyond, Saugeen Golf Club offers an ideal setting for business leaders to grow their brand and build relationships with clients, customers, employees and friends.

Each membership package provides a portfolio of benefits and services to the owner - such as golf membership, guest passes, club event sponsorship - as well as on-course and off-course advertising. With four tiers available - Platinum, Gold, Silver and Bronze - there is a package suitable for any of the many diverse businesses within the local Saugeen Shores community.

Further details on the availability and pricing of each Corporate Membership package can be found on our website, or by inquiring directly with the General Manager, Brad Young.

Meet Riley Schauss

A Bright Future

There's no place like Saugeen Shores in the summer.

Riley Schaus is Saugeen's assistant golf professional but he's also pretty good at shooting hoops. His basketball talent earned him a scholarship to Keyano College where he earned a degree in business management.

Originally from Hanover, Riley's family moved to Brandon, Manitoba when he was 12 years old. He was influenced by his dad who was a golfer and got his first set of clubs at age seven.

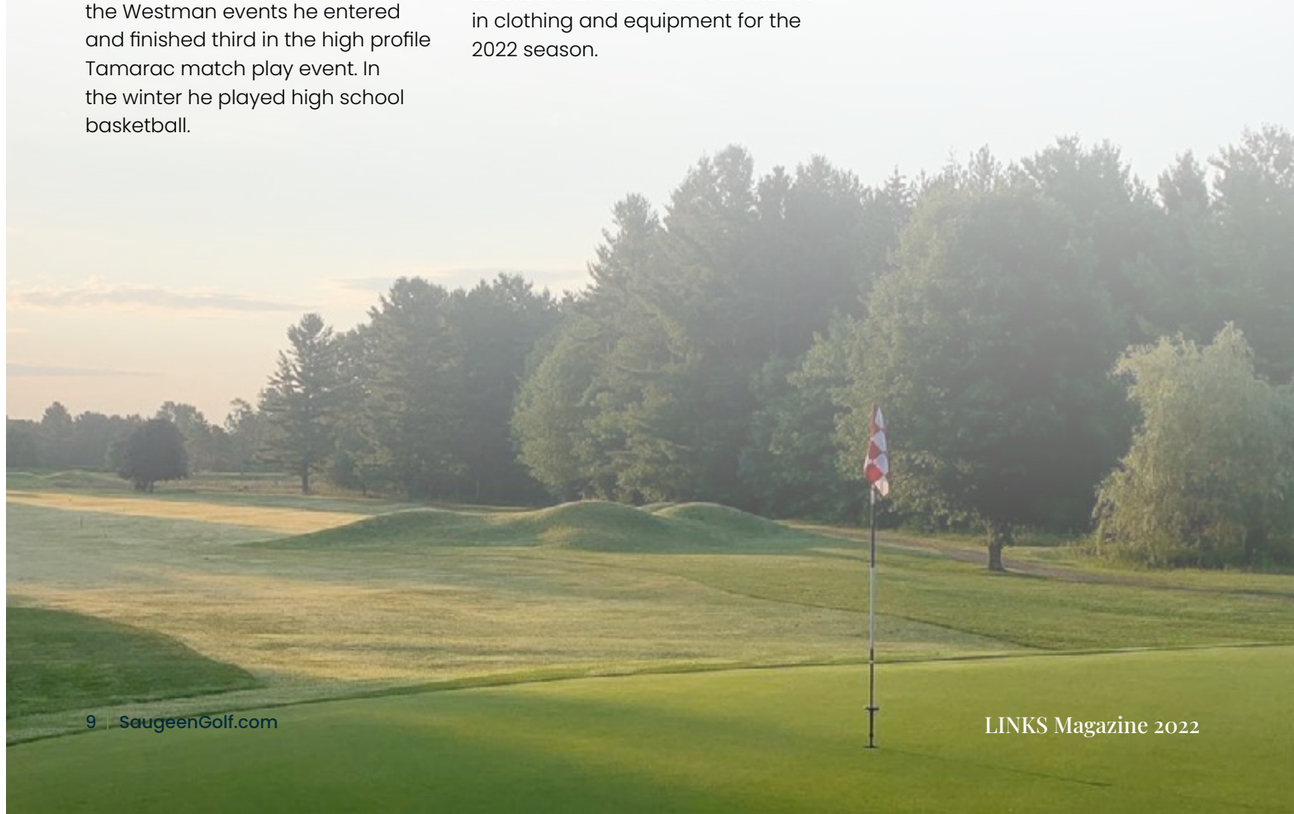
In the summer, during his teenage years, he worked at a local golf course and played in junior events around Manitoba. He won two of the Westman events he entered and finished third in the high profile Tamarac match play event. In the winter he played high school basketball.

Riley's family moved back east to Woodstock, Ontario four years ago. Prior to Saugeen he had been working at the Sally Creek golf club in the Woodstock area.

Having been here for two years during the COVID epidemic, Riley says Saugeen's members have been great in the way they have adapted to the different rules that had to be put in place.

"There's no place like Saugeen Shores in the summer," Riley says. "People have a relaxed life and they really love their golf."

He says the pro shop will be stocked with all the famous names in clothing and equipment for the 2022 season.



Superintendent's Message

From Tee to Green

By Mike Pellerin

Another golf season is right around the corner. You can trust that the golf course was put to bed in good order and we will be ready to open once the weather permits. Winter can present many challenges for the short cut areas of the golf course. We check course conditions regularly and while there may be plenty of winter left, I can tell you that the golf course is wintering without any concerns. I would like to share with you a few things to look forward to when returning this spring.

We will start the season off with the replacement of the pump station on the Sunset 9. This is a critical piece of equipment and the heart of any irrigation system. It is a significant investment for the club, I appreciate the Board of Directors support in providing our team with the resources needed to operate at a higher level.

Drainage work has been completed to improve the playability of the front bunker of 7 Sunrise. The old sand has been removed and new drain tile has been installed. Once the snow melts away, we will finish the edging work and add new bunker sand.

If you stopped by the club this fall you may have noticed the piles of sand in the parking lot. Bunker sand will continue to be replaced on the golf course this spring. Over the past few seasons, we have focused on improving the playability of the bunkers on the Legacy 9. By the time the golf course opens the Legacy 9 will be complete and we will begin to focus our efforts on the Sunset 9.

This fall the walking path on 8 Legacy was widened and repaired. Special thanks to John Vecchies and Keith McConnachie for their help with the repair work. Just another example of our members pitching in to make our club a more enjoyable place to play. I appreciate your help gentleman and I appreciate all the volunteer help we receive over the duration of the season. If you're interested in lending a hand, please watch your email this spring. We will need help for our spring clean up and spring aeration days.

I hope the 2022 golf season comes soon; we are looking forward to seeing you.

Gordon Sproule

Sunset to Retirement

He may have stopped getting up before dawn to cut greens, but Gord Sproule isn't ready to sleep in.

"I still get up fairly early. I really like the mornings. It's my favourite part of the day," he says.

Gord retired from the maintenance crew at Saugeen last year after nearly 15 years of looking after the golf course.

Prior to retiring, Gord first had a career in sales for a major steel company. Wanting to try something new, he switched to sales of vehicles designed for people with special needs.

"I was looking for something to keep myself busy, so I volunteered to help do renovations in the club house during the winter. In the spring, they had more odd jobs for me to do and that eventually led to a job on the maintenance crew," he says.

The job is to get greens and tees cut ahead of the first golfers. Then the crew does other jobs that don't interfere with play. And there was also some fun to be had.

"The pond on 8 Legacy used to have a lot of algae in it and we used to rake it out by hand," says Gord. "One day I took a cart down there that I knew had no brakes, so I parked parallel to the pond on what I thought was a flat piece of ground. Then I started filling the cart with algae and I guess gravity took over. Naturally, I was at the other end of the pond when the cart started to move. It made 90-degree turn and went straight into the pond."

Gord walked back to the maintenance shed to get someone to help pull the cart out. When he got back to the pond the entire crew was there to give him a good-natured ribbing.

Another time, Gord was using a machine cutting grass around trees on Legacy 4 when a small tree got stuck between the wheel and the cutting deck. Superintendent Mike Pellerin was nearby, came over and said he had never seen anything like it. Mike took pictures and told Gord, "My superintendent friends are going to love it." The only way to get the machine unstuck was to jack it up and cut the tree down.

"When Mike took over as superintendent, I really enjoyed working for him," says Gord. "He treats his employees very well and watching him work to improve the playing conditions at Saugeen was a joy. He's a very intelligent young man.

"I also enjoyed working with the summer students who were on the crew. I followed their progress as they continued their education and went on to be successful in their chosen field. I was really lucky to have known them."

"I can tell from the way he talked he really enjoyed watching the young staff members become adults," says Mike. "Gordy was extremely dedicated to improving the experience at Saugeen. On days when there were big events Gordy would jump from one department to another asking how he could help. He started each day sharing a laugh with the guys."

Gord may be retired from the maintenance crew, but he still plans to volunteer around the club this summer.

"The members and management staff have always been great," Gord says. "I can't say enough good things about the club."

Golf Simulators

In the Swing of Things

Between the 2020 and 2021 golf seasons, Saugeen introduced a new, innovative way to spend the offseason in Saugeen Shores. In step with a growing craze sweeping the golf industry, two state-of-the-art golf simulators were purchased and installed in the clubhouse banquet room in an effort to satisfy the golf bug year round.

The first year of simulator operation, while significantly impacted due to regulated lockdowns due to COVID-19, was a success. Golfers flocked to the indoor golf course in droves, as both simulator bays often operated at full capacity. The season was cut to only 7 weeks, but still provided golfers ample opportunity to prepare themselves for the summer season.

In its second year of operation, the simulators opened in November 2021, seeing a steady stream of golfers and holiday parties in December. Unfortunately, once again, the operation of the facility was restricted in January 2022 as a new COVID-19 variant introduced new risks and higher transmission rates. The simulators resumed operation on January 31st and provided golfers a refuge to practice, play and socialise during a time when people needed it most.

The simulators at Saugeen will continue to provide an enjoyable way to stay connected to the game of golf all year round. With plans to improve the atmosphere of the banquet hall, our simulator lounge is sure to root itself as a pillar of our golfing community for years to come.

Simulator season runs November to April yearly. Bookings can be made 7-days in advance through our website, email or by calling the club directly. Saugeen Golf Club offers a variety of packages to provide value to our customers. Private events can be booked by contacting our General Manager, Brad Young.

Golf Genius & Golf Canada

New Technology Making Tournaments More Efficient

Golf Genius SOFTWARE

GOLF CANADA

Saugeen Golf Club took a large step in enhancing its members benefits with the addition of the Golf Canada Handicap System.

The system produced by Golf Canada is a state-of-the-art handicapping system that follows all World Golf Handicap factors and allows our members to compete on a Club, Provincial, National and World level.

Aside from its ability to produce handicaps, score and other great features, the Golf Canada program has many other member-driven benefits:

- Incident protection insurance
- Booking discounts with such companies as Avis and Hilton
- Rewards and exclusive offers
- Online and mobile tools to track your game
- The Ultimate Scorecard
- Discounts on tickets and Merchandise
- Rules and education
- Members only publications
- Partner offers for RBC

With gaining access to the Golf Canada Handicap System, it also allowed the Club to partner with Golf Genius. Golf Genius is a premier scoring, league and tournament app that works hand in hand with Golf Canada. Golf Genius provides all the tools needed to manage tournament operations at a golf club, from single-day events to large scale multi-round multi-course competitions and everything in between. It also provides such functions as:

- Accessibility anytime, anywhere
- Live up to the minute scoring
- Player profiles and performance history
- Online event registration
- Tournament printed material
- Live leaderboards
- Golfer emails and text messages
- League season management

Calcutta Recap

Going Once, Going Twice, Sold

Despite the delayed start to the 2021 golf season, the Men's Opening Tournament, held on June 19, 2021, went off without a hitch and brought back fond memories for many.

Organized as an open scramble format, the tournament resurrected popular annual traditions of the past like the C. Soden Memorial Tournaments - a favourite event of many golfers at Saugeen for many years. The tournament provided a welcome opportunity for members and guests to team up with new players of all skills and backgrounds as golfers were flighted based on handicap and drawn randomly to form teams of four. In total, 64 players were split into 4 flights (A, B, C, and D) and tournament organizers drew names to establish the 16 teams that would compete on Saturday.

The event featured a team draft held on Friday evening, followed by a Calcutta auction for ownership of teams. Hosted by Men's Night Co-Captains Justin Niklaus and Jamie Dunlop, with technical support being provided by Dalton Reany and Derek Alstein, teams were put up for auction to any individual interested in purchasing an ownership stake in a team. All teams were ranked based on handicap and either auctioned individually or packaged with others. The two top-ranked teams, captained by Riley Schaus and Warren Wheeler, were held until the end.

On tournament day, golfers could not have asked for better playing conditions as they took on an opening Sunrise nine with Legacy following for the final stretch. The weather was warm, sunny and calm. Mike Pellerin and his team laid out a good balance of tough and tempting pin locations, while laying out tee-blocks perfect for the temptations of a scramble tournament.

Throughout the day, roars of excitement could be heard around the course with several highlights amongst the battling teams. Early in the day, Mike Ross fired an ace on Sunrise 7 with 7 witnesses to share the excitement. Other teams later went on a tear through Legacy, with the team of Dave Boorsma, Chris Conley, Sterling Eagleson and Ty Yourth holing out for an eagle on Legacy #2. The highlight and "TSN" turning point of the tournament would later happen on Legacy #4 and Legacy #5. The team of Matt Shields, Scott Robinson, Jayce Dunlop and Greg Voisin chipped in for their eagle on the 4th, and then dunked their approach from 150-yards on the challenging Hole #5 to propel themselves atop the leaderboard at 13-under with 4 holes to play. The team would hold onto their lead over the team of Riley Schaus, Greg Reany, Matt Turcotte and Brian MacKay by carding an additional two birdies through the final stretch.

While the event was impacted by COVID-19 restrictions, the golfers were able to enjoy a delicious meal provided by Gimmies following play and enjoyed the ability to watch teams finishing their day on Legacy #9. Many of the golfers shared their enthusiasm about this event with organizers afterwards and are eager to take on a bigger field in 2022. With COVID-19 in the rearview mirror, the Men's Opening Tournament will be a staple of competition and camaraderie at Saugeen Golf Club for many years to come.

For the 2022 season, the Men's Opening Calcutta is scheduled to take place on May 14, 2022, with the team selections and draft being held on the Friday evening - hors d'oeuvres, beverages and beautiful dinner jackets will be abundant as the fate of the tournament is decided the night before.

To register, check communications from the Golf Shop regarding sign-ups and costs of the event.

Men's League

Men's League News

Firstly, the Men's night committee thanks everyone for coming out last year. It was a great season with lots of new faces. We are hoping to get back to a shotgun format in 2022 but will be COVID protocol dependent... although it's not the worst thing in the world to have to leave work early each Tuesday. Is it?

Each Tuesday, Saugeen welcomes young men (and some not so young – thanks Graham) to the course to participate in the weekly Men's Night. The weekly winners and whiners enjoy skins, pins games, a par 3 skills, draw and beer tastings. Many thanks to all our sponsors especially Three Sheets Brewing, The Wismer House, The Queens, and Port Elgin Home Hardware.

The 2022 season will kick off with a Calcutta Opening tournament. Last year's Men's opening Calcutta saw 64 men randomly teamed together with great results. This year we are hoping to get a full field of 144 golfers. Think you suck? Don't worry – there is a spot for you! Each team is composed of an A, B, C and D flight player. Each player is required to help the team – this won't be a case of using each shot from your A or B flight player. There is lots of fun to be had and prizes to be won. Don't miss out.

Another big part of our Men's Night is our Saugeen vs. Westlinks challenge. Each year we play a home-and-home in a 2-man scramble format for the coveted plate. Bragging rights are definitely on the line in this challenge.

To end the year, our closing tournament pits the best vs the rest for the right to call yourself the Saugeen Men's Night Champion and hoist the Cammidge Cup. Some say this title is far more important than being the Club Champion, others are wrong.

So come out, enjoy a walk with your friends while swinging some clubs.

Yours truly,

Jamie Dunlop and Justin Niklaus.

Senior Ryder Cup

Success for Senior Ryder Cup Squad

By Stig Lassen, Senior Ryder Cup Captain

It was another successful season for the Saugeen Golf Club Senior Ryder Cup Team as we continued our tradition of being considered one of the best teams in the province.

11 players were selected to represent Saugeen as a result of their qualifying scores. The players in the Senior Division were: Stig Lassen (Captain), Brian Acton, Dave Boorsma, Ken Dunlop, Ron Kerr, Keith McConnachie and Dana Murray. Rob Brignell, Bob McWade, Jim Shrider and Ted Sinfield competed in the Super Senior Division. I would like to thank all of these players for competing and being a part of our success.

Saugeen was placed in a Division with Legacy Ridge, Kincardine Golf Club and Black Horse Golf and Country Resort. We played very well in Divisional play and finished first in the Division.

This qualified us to play in the Regional Semi finals at Barrie Country Club.

With only 3 teams out of the 16 advancing to the finals there was a lot of pressure to perform. Perform we did, as we won all our matches and received a perfect score of 24 points which gave us first place and a spot in the Championship.

The Championship was held at Whistle Bear Country Club in Cambridge.

15 Teams plus the host club qualified to play out of over 150 clubs from across the province. It is worthy to note that we were the only non-private club to qualify for the Championship.

The Championship was a two-day event with a practice round that featured many sponsor giveaways and great food. The second day was the competition itself with teams being randomly paired to face each other. Unfortunately we ran into some very good teams and even though we had outstanding play by some members of our team we came out on the wrong side in our matches. Having one team split their match, one team losing the last hole to lose their match 1 down and the other 2 teams each losing 1 down on each 9. One or two shots was the difference between winning and losing these matches. The day wasn't a total loss as we had two members win Callaway Putters in a lucky draw, we had a great meal and one of the sponsors Tru Local gave us a voucher to purchase meat for a team barbecue.

The SRC competition is a great social and competitive event. Next year they are looking to have close to 200 clubs participate from across Ontario, parts of Michigan and New York State.

I highly recommend male members that will be at minimum 55 years old at the start of the competition to consider trying to qualify for the team this year. Qualifying details will be released closer to the start of the golf season.

Senior Men's League

Senior Men's League News

The senior league at Saugeen is designed to have members play a friendly round of golf with other members, to create new friendships, to have fun and to help grow the league.

League play is on Wednesdays. Over the past years we usually had a shotgun start at 8.30 am. However, due to the pandemic we had to play tee times, because of the gathering restrictions. Hopefully we can go back to the shotgun start this year.

We run a deuce-pot with members paying $2.00 into the pot. If you pay into the pot and score a "2" on any hole during league play, you will share the pot with other players who score a 2. We also offer a hole-in-one insurance with a $ 2.00 contribution. If you score an ace on any hole, then you will receive whatever is in the pot. There were no aces last year, so the pot is sitting at $304.00 to start the season.

We usually have a monthly luncheon and an end of season dinner, but because of the pandemic restrictions there were none last season. Hopefully we can go back to that format in 2022.

There are two ways to sign-up for league play. You can sign-up weekly by Sunday of that week in the pro shop or you can sign-up on the auto sheet, where you are in every week unless you notify the pro-shop otherwise. The pro-shop creates teams at random and sends out the info via e-mail as to your grouping and your starting hole in the event of shotgun

start or your tee time as per last season. Thanks to the pro shop staff for an excellent job last season.

We are looking forward to seeing old friends and to any new member who wishes to join us in 2022. If you require any further info, please feel free to discuss with any of our committee members.

Committee members are Bob Buck, Bob McWade, Russ Solomway, Bob Kopf, Norm Wilkie & Charlie Roopnaraine

Saucy Legs Challenge

Saucy Legs Challenge 2021

It all started with a question presented to the Tuesday Women's League Board meeting in September 2020 ..... would there be any interest in a Solheim Cup type event? It was determined that there could, in fact, be sufficient members interested for a team of approximately 16 and preliminary conversation with Legacy Ridge indicated similar interest there. A meeting in early 2021 with management at Saugeen and official confirmation with Legacy Ridge management following with support for purchase of a trophy indicated this inaugural event was well on its way to being realized.

Dates were established and under the leadership of the 2021 Tuesday Women's League, acquisition of a trophy and naming of same were next steps. As many may know, Wendy Buckley is extremely creative in these areas and purposefully proposed 'SaucyLegs' as an aptly representative option. Given the fun side of the Women's League, further brainstorming came up with the lamp from the movie, The Christmas Story, for the coveted trophy and it was mounted on a beautiful handcrafted base compliments of Carl Morton.

The first event was held in June at Saugeen Golf Course and was won by Saugeen with a total of 18.5 points vs 5.5 for Legacy Ridge. Top teams with 3 points each were Lysanne Miller/Susan Miller, Kendra Pagnan/Bonnie Wilson, and Jayne Holt/Jane Muir.

The second round was hosted by Legacy Ridge Golf Course in August and total points earned for Saugeen was 13 vs Legacy Ridge 11.

Top point earners for this event with three points at each tournament were the teams of Bonnie Wilson & Kendra Pagnan, and, Jayne Holt & Jane Muir.

Bragging rights go to Saugeen women with a total of 31.5 points to 16.5 points for Legacy Ridge. Congratulations to all those that participated!

Women's Day League

Women's Day News

Despite a late start to the season and the challenges presented by a world-wide pandemic, both the Tuesday and Wednesday Women's Leagues realized unprecedented growth and success in the 2021 golf season.

The Tuesday Women gathered weekly to play fun, competitive golf in the Stableford format and to celebrate their winnings with lunch on the outdoor patio. This season play was open to guests, which resulted in members making new friends and obtaining new members.

The Wednesday Women enjoyed their 9-hole weekly play with tee times beginning in mid-afternoon. Players enjoyed the new format, as it permitted retired and working women to make the most of this wonderful opportunity to have fun, win prizes and enjoy dinner specials.

Members from both leagues often joined together for monthly scrambles, as well as the Member-Guest and Women's Invitational tournaments hosted by Saugeen Golf Club and the inaugural celebration of International Women's Day. Although it was a shorter and very busy season, many also competed for the coveted "Charles Cup," Saugeen's internal match play competition.

Women from both leagues also took advantage of plenty of opportunities throughout the season to join together for external competitive play. Saugeen gals were very successful in Interclub matches against teams from Goderich (Sunset), Kincardine (Ainsdale) and Clinton (Woodlands), winning the prestigious trophy which now resides here at Saugeen.

Another inaugural event was held in 2021. Called the "Saucy Legs Challenge", consisted of a Solheim Cup-type tournament against Legacy Ridge Golf Club in Owen Sound. The trophy can be found in its new home at Saugeen and we all look forward to defending this status in the future.

While they were at it, a remarkable contingent of Saugeen women chalked up another noteworthy accomplishment. They entered the Georgian Bay Women's Open, hosted by Legacy Ridge GC and won the majority of the prizes!

We were so very grateful and thankful for all the volunteers and staff who contributed to an awesome season!

Women's Club Championship

Fehr Captures Her First Title

Congratulations to our newest Women's Club Champion, Karen Fehr. All the hard work Karen has put into her game along with her passion and positive attitude has paid off as she is now sporting the Club Championship 'crown'! As a long time, dedicated member of Saugeen Golf Club, Karen is most deserving of this wonderful achievement. She is so worthy to have the honour of enjoying her own coveted parking space this season too which we understand she is most excited about. Even though this championship is a first for Karen, we are certain it won't be her last for she is a worthy opponent for those that choose competition in future Club Championships. Enjoy your victory year Karen!

We are excited to have a new Senior Club Champion this year and extend our congratulations to Lesley Wheeler. It is clear that your dedication to the game each year has paid off with this notable and well-deserved accomplishment. What better way to celebrate your first summer of retirement than with a win on Club Championship weekend!

We are also pleased to announce Louise Sweiger our Overall Net Champion. This was a very emotional victory for Louise and her crew could not be prouder. Nothing great is ever achieved without hard work, tenacity and enthusiasm and it was heartwarming to witness Louise's achievement especially as she received her award.

It is a special privilege to acknowledge the achievement of our super senior, Joan Day, whose dedication to the game of golf continues to be an inspiration to all of us. We are so proud of you, Joan, and look forward to seeing you at Saugeen for many years to come.

The Tuesday Women's League looks forward to having Kim Legge, previous club champion, join us for more games this year in your much deserved retirement. You have been a gracious and deserving Club Champion multiple times, 13 times to be exact, as well as a couple of Senior Women's Championships. No doubt you will be looking to reclaim your parking spot next August!

We want to thank Mike Pellerin and his staff for providing all the participants with outstanding playing conditions and some very challenging pin placements both days. Many thanks also to all the Saugeen staff and volunteers who provided the members with a fun weekend of golf and friendship. We were thrilled to welcome some new participants in yet another successful Club Championship and our hope is to encourage more Saugeen women to join us in 2022. Yes, this is the premier event of the season but it is so much more than a competition for the purse and bragging rights. It is a fun filled weekend with old friends and new friends alike.

Congratulations to all the well deserved winners.

Women's Champion:	Karen Fehr
Sr. Women's Champion:	Lesley Wheeler
Women's Net Champion:	Louise Sweiger
A Flight Champion:	Kim Legge
A Flight Net Champion:	Lynda Palinsky
B Flight Champion:	Jayne Holt
B Flight Net Champion:	Wendy Buckley
C Flight Champion:	Susan Miller
C Flight Net Champion:	Joan Day

Men's Club Championship

Dirk Takes Down 2021 Men's Division

	Player	Day 1	Day 2:	Total	Match
1	Nick Dirk	73	76	149	—
2	Warren Wheeler	77	74	151	+2
3T	Al Scott	75	79	154	+5
3T	Sean Tippin	79	75	154	+5
5T	Pierre Desloges	75	81	156	+7
5T	Tyler Smith	75	81	156	+7
7	Mark Wallace	76	82	158	+9
8	Jeremy Hatt	82	77	159	+10
9	Ken Dunlop	78	82	160	+11
10	Al Kanters	81	80	161	+12

A quality field of competitors teed it up in the most prestigious event of the season in hopes of claiming the honour of Club Champion, a highly coveted crown at SGC. Past winners in the field included the reigning champ Warren Wheeler, multiple winner Tyler Smith, as well as perennial veteran past champions and notables Ken Dunlop, Al Scott, Pierre Desloges, Stig Lassen, Mark Wallace, Sean Tippen, Dalton Reany and Bob McWade, just to name a few. In addition, a supporting cast of younger "Bryson Wannabbees", some of them rookies in the event, set up the weekend with the strongest field of contenders in years. Superintendent Mike Pellerin and his team provided superb course conditions and some unique pin locations for the competition.

Day one saw Nick Dirk post a solid round of 73, one over par on the Sunrise / Legacy layout. Players a couple shots back at 75 included Tyler Smith, Pierre Desloges and Al Scott. Warren Wheeler posted a 77, well within range of the leader.

This set the stage for Sunday's final group of Dirk, Smith, Scott and Desloges versus the old course Sunset / Legacy. Arguably the most difficult nine at SGC, Sunset once again made its case for the leaders. Triple bogies by both Smith and Desloges early in the round diminished their chances of catching the leader. Meanwhile Dirk slugged it out posting an uneventful 39 (+3). Scott shot 40 (+4) which included a one putt bogey on the reachable par 5 - #8. Heading to Legacy, Dirk led by 3 shots over Scott with the leader unaware of where the rest of the field sat, including current champ Warren Wheeler.

Dirk posted four consecutive pars to start on Legacy. He looked to be in trouble on #2 when he hit his tee shot into the trees, however a great recovery shot resulted in a game saving par. Meanwhile Al Scott continued his dogged pursuit by making birdie on #3 moving him to within 2 shots of the lead. Both players made bogey on #5 then the leader rolled off 4 pars in succession to finish at 76 (+4), while Scott carded two bogeys coming home. Dirk's overall winning total of 149 (+5) was enough while Wheeler's 2 over par 74 and a two day total of 151 (+7) moved him into the runner-up position. An interesting fact is that in the final group there were only 3 birdies during the entire round and none by the eventual winner, Nick Dirk.

In addition to hoisting the Championship trophy, Nick was awarded the esteemed Club Champion's private parking spot, a great honour indeed.

Senior Men's Championship

Acton Wins Senior Men's Club Championship

Two days of perfect weather allowed for optimal scoring conditions and the golfers did not disappoint.

Brian Acton showed tremendous ball striking hitting fairways and greens hole after hole but it was his clutch putting that allowed him to hold off the late charging Ron Kerr. Brian posted rounds of 75-71 while the first-round leader, Ron Kerr finished with rounds of 71-77. Other members of the final group were Dave Cook (75-76) and Bob McWade (72-79).

"Ron and I had a real good battle going and were tied for most of the back nine. We're good friends and it was so nice for him to encourage me as I was doing the same for him. Luckily enough, I was able to come out with the win at the end of the day. I really enjoyed both days and had the pleasure of seeing some great play," said Acton.

In all, the Men's Senior Club Championship played host to over 50 golfers of all ability. Many prizes were handed out on day two. The winners are as follows:

Overall Gross Champion	Brian Acton
Overall Net Champion	Bill Cole
A Flight Gross	Ron Kerr
B Flight Gross	Ian Little
C Flight Gross	Steve Wilson
D Flight Gross	Ian Carmichael
A Flight Net	Jim Shrider
B Flight Net	Ashley Millette
C Flight Net	Rodger Yearham
D Flight Net	Dennis Mogg

The 2022 edition will be held August 27th and 28th. We invite all Men's and Women's Senior Saugeen Golf Club Members to take part in this year's event

Jackie Dunbar

Leaving a Legacy

There will be a familiar face missing from Saugeen's halfway house and patio in 2022.

After 14 years of greeting the club's members and guests with a smile, friendly chat and tasty food and drink, Jackie Dunbar retired from her job behind the window at the end of last season.

Jackie and her husband moved permanently to the area from Cambridge 15 years ago. She has been coming to the area from the time she was a child.

"It was the best move we ever made," Jackie says. "I thought I was retiring, but then I sort of fell into this job at Saugeen and I loved it.

"I started out working in a small hut in front of the club house. I had a flat top and some fridges, and I made all the muffins, westerns, sausages and hotdogs so people could pick up their food and drink and continue to the next nine."

Later, when the club house was remodeled, Jackie moved inside but she still had a window that customers would come to for service.

"I loved the job," she says. "I shed a lot of tears over the decision to retire but it was time.

"Our members are great, they're the best ever. The same people from other clubs would come to our tournaments year after year and they would always drop by the halfway house to say hello and get reacquainted."

A couple from Scotland came to the club two years ago and got to know Jackie. They returned to the area this year and were told Jackie was still working at Saugeen. They found out her hours and made sure they came back to see her.

And what will Jackie do after retiring from her job? Why, play more golf of course. A player for many years, she once belonged to Westmount Golf Club in Waterloo, a classic Stanley Thompson design.

Between getting more golf and possibly volunteering a starter or a marshal Jackie will be spending plenty of time at Saugeen.

"Jackie is perhaps the most welcoming soul I've ever had the pleasure of meeting," says Saugeen general manager Brad Young. "She is so beloved around this place, I don't think I've ever seen anything like it in my career. "We have become extremely close over the two years I have been here, and I am going to miss seeing her beautiful smile most mornings.

"As much as I will miss her. She deserves nothing but the best going forward."

Junior Program

The Future of Golf

For two summers we have dealt with the ongoing impact of the pandemic.

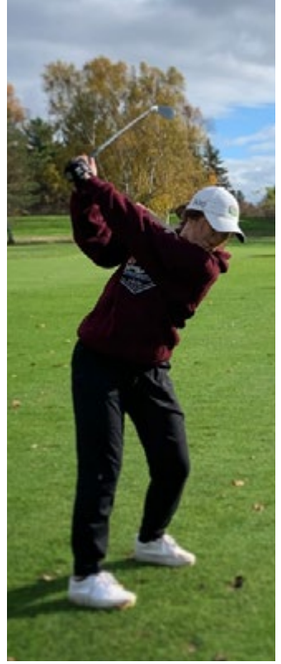
One of the positives that we experienced was the growth of the game of golf, not only in adults, but especially in our youth. Golf is a recreational activity that can be played and enjoyed for a lifetime and more people are recognizing this exciting fact.

At Saugeen, our juniors are introduced to the etiquette and sportsmanship of the game with our staff emphasising the FUN in fundamentals. Golf is a game where the participants, more or less, self-police the rules of play. The aspects of this etiquette of the game mirror that of the way people should act in everyday life, with respect and concern for others. The moral core of golf will resonate throughout your child's entire life.

When you feel comfortable taking your child on the course you really should not worry too much about your own game but act as a caddie. It has been suggested by some PGA coaches that 6-8 year olds could play from 50 -150 yards out, 9 -11 year olds from 150 - 200 yards out and 12 -13 year olds from the forward tees. Keep the play light and try to limit frustration. Add a twist such as if they land in the sand and cannot get it out in two swings then let them use a "hand wedge". Play some sort of scramble to help keep everyone moving and make the experience more team oriented. Golf with a family can help make lifetime memories for your children.

The Club is planning on continuing to grow Family golf on Sunday night where nine holes are set aside for family play. The families who took part this past season certainly enjoyed this opportunity and kept coming back for more. We had both parents and grandparents enjoying this special family time.

Junior players will become adult members, keep our membership strong and help continue the great traditions that all of us enjoy here at Saugeen.



Junior Championship

Rocha & Pope Capture Titles

Mateo Rocha and Olivea Pope Outlast Competition to capture Junior Men's and Women's Club Championships

A great Junior turnout was on hand to compete in the 2021 Junior Men's and Junior Ladies Club Championship.

Despite windy and rainy conditions, Mateo Rocha outlasted his competitors to capture the Junior Men's Division while Olivea Pope played outstanding golf to runaway with the Junior Ladies Title.

Both are excited to defend their titles this upcoming August.

Family Day

Making Golf a Family Affair

It's common knowledge that a silver lining from the COVID-19 pandemic was the resurgence in the game of golf. During the last two years, Saugeen has seen hoards of new young golfers take up the sport and tag along with their parents, their siblings, aunt & uncles and grandparents, often to "squeeze in" a quick nine late in the afternoon and into the evening.

To provide a welcoming, open and unpressured environment for these newcomers to learn and love the game, Saugeen Golf Club introduced "Family Day" during the 2021 season. It was recognized that oftentimes, the pressure of more experienced players playing behind a group of new players can be unsettling and overwhelming. It is Saugeen's goal for all players to have an enjoyable experience while at our club, so the idea of "Family Day" was born.

Family Day- held on Sundays through the summer - blocked off a designated nine holes to "family-only" play and offered an attractive price for guests to enjoy a night with their loved ones. The program saw strong participation through the summer months and will continue during the 2022 season.

It was a common sight of returning players coming back each week - Clint Turcotte and his family being amongst the regulars. When asked about his family's experience, Clint had only positive sentiment to share - "Nine easy-going holes of golf and a sunset dinner on the patio quickly became something our family looked forward to sharing every week."

It is the hope of GM, Brad Young that this program will foster a growing interest in the bantam and junior age golfers, to build a sustainable pool of future members for Saugeen Golf Club.

Once our young players develop that tight gripping golf bug, Junior lessons and camps at Saugeen are open to all. Following this path will provide an opportunity to young golfers to tune their beginner level ability and become more skilled players that can one day reach the elusive goal of "beating mom or dad" - possibly one of the proudest moments any young golfer will experience in their playing careers.

Family Night runs each Sunday, June to August in the summer. Registration for the night can be completed by calling the golf shop or sending an email to golf@saugeengolf.com. The cost per family is xxxx which includes golf, including power carts, for four players.

Canadian Seniors

SGC to Play Host to a National Championship

Event traditionally attracts the best senior amateurs from across Canada, United States and Europe.

As most of you are by now aware, Saugeen Golf Club has been selected by Golf Canada to host a prestigious tournament in September, 2024, The Canadian Senior Amateur Championship.

This would not have happened without the effort and support by certain individuals and groups, namely Ken Dunlop, Saugeen Golf Club Executive and the Town of Saugeen Shores.

This event traditionally attracts the best senior amateurs from across Canada, United States and Europe. One of our own members, Jack Northey has competed at and experienced success in this event in the past. Jack won the Super Senior portion of this event in 2004.

The event has the opportunity to provide a huge impact in profile and economy to both the club and the community. With up to 200 players and partners plus Golf Canada officials attending and staying in our area for up to a week.

Needless to say, putting on an event such as this requires a lot of commitment and support from numerous people starting long before the event is to take place. As such the following committee has been put in place.

Chairman
Ken Dunlop

Secretary/Treasurer
Mike Bolton

Management
Brad Young

Saugeen Executive Board
Derek Alstein

Fundraising Chair
Ron Kerr

Hospitality/Events (HE) Chair
Sylvia Sheard, Wendy Buckley

Player Accommodation and Communication/Media (PAC) Chair – Stig Lassen

Course/Tournament (CT) Chair
Bob McWade

Site/Parking /Beautification (SPB) Chair – Ed Braun

Other/Surprise (OS) Chair
Gord Brown

These committees will be looking for lots of volunteers in preparation for and actual conduct of the event.

Saugeen's membership has a strong history of volunteerism whenever we have hosted major events such as the Senior Ryder Cup Championship in 2018 and the Ontario Boys Under 19 Championship in 2020. I am sure that we will get the same enthusiasm to help for the biggest event to be hosted to date.

Please feel free to contact any of the committee chairs to offer your assistance.

As a way of promoting the Championship we are also holding a Senior no handicap tournament in June for the next 3 years, inviting some of the best Seniors in the province. This will give added exposure to our club and a chance for some of our committees and volunteers to rehearse their roles prior to the Championship.

Stig Lassen
PAC Committee Chair

100th Year Anniversary

Closing in on a Century

In just 3 short years Saugeen Golf Club will celebrate its 100th anniversary. 2025 will be a year of celebration and remembrance with events and activities to commemorate this historic achievement.

Stanley Thompson, one of Canada's most well-known and regarded golf course architects, was involved in the design of our original 9 - Legacy. A Level 1 verification proves he was closely involved in the project. After initial interest from local businessmen in the summer of 1924, work began April 15,1925 on a 45 acre dilapidated farm. Amazingly, the course was open for play on Wednesday, June 3rd, and while not in prime condition the course was very well received and quickly grew in stature and membership.

There was a brief attempt at making Saugeen a private club in the 1930's but continued strong membership has allowed it to grow and succeed as a public course to this day. Membership in Saugeen's first year of operation was 90, compared to 2021's number of over 600.

The important move of incorporating as a non-profit structure occurred in 1946 and allowed Saugeen to flourish as a club and led to discussion about expanding the course to 18 holes.

Many improvements to the course and grounds took place with the largest investment being the new clubhouse in 1966. The Sunset nine was added in 1956, and Sunrise followed in 1995, the 70th anniversary of Saugeen.

2025 will be memorable at Saugeen and the club will be looking for members' assistance with planning and executing a celebration worthy of our great course. Keep watch for future plans and be sure to sign up to help us make our centennial celebration a memorable one.

Remembering Elaine Harris

Elaine was a life-long friend and mentor to hundreds of younger female golfers over the years.

Elaine Harris (1935-2021) was a much-loved colleague of the Saugeen Golf Club's Women's Leagues. For years, she was actively involved and served on the Tuesday Women's League Executive. More significantly, Elaine was a life-long friend and mentor to hundreds of younger female golfers over the years. Her welcoming demeanour and sense of humour were always present, and her resilience showed itself after she endured two knee replacements while in her 80's, yet continued her golfing regimen.

Both the Tuesday & Wednesday Women's Leagues held two special scramble days to honour their dear friend who had been a member of Saugeen Golf Club for almost 50 years. It was a testament to the love they had for Elaine that so many turned out to pay tribute to her while wearing her favourite colour (yellow) and raising almost $1,000 for her favourite charity (Canadian Tire Jumpstart).

Bonnie Wilson, immediate Past-President of the Tuesday Women's League, headed a committee to find a suitable remembrance for Elaine. To this end, a stone with a plaque engraved "from all Elaine's golf friends" graces the tee box at Legacy hole 8, the original nine holes designed by famous course architect, Stanley Thompson. Elaine's daughter, Sue, played in the scramble tournament, and she and her sister, Tracy, were present for the dedication of the stone.

Elaine will forever be missed by all her Tuesday and Wednesday golf friends, and especially by her long-time super-senior golf buddies, Joan Day and Isabelle Salisbury.

Saugeen Golf Club Booking Policy

SGC to Clamp Down on Tee Times

Last season a booking policy was created. Based on it being newly introduced, we eased in as to enforcing it for the first season. As of the 2022 season, it will be strictly adhered to. Also, we will no longer be taking advanced bookings. The policy is as follows:

Saugeen Golf Club Booking Policy

Saugeen Golf Club aims to optimize tee-time management by enforcing accurate bookings by both members and guests. In doing so, Saugeen Golf Club can provide ample opportunity for as many golfers as possible to play during peak-demand periods. Due to the high demand for tee times, it is our expectation that all golfers respect the terms of this policy and follow the direction of the Golf Shop and First Tee Host when starting your round.

Tee Time Bookings and the Intent

To increase the equality of opportunity of tee times for all players at SGC.

To improve date quality in the tee sheet to support both long term planning & day to day services to members and guests.

To maximize pay by eliminating opening in the tee sheet by holding golfers accountable for no-shows.

Tee times can be booked online or by calling the Golf Shop.

Members are permitted to book eight (8) days in advance.

Guests are permitted to book five (5) days in advance.

Individuals may book two groups (8 golfers) at one time

For guest bookings, a credit card must be provided at time of booking to hold the tee time.

Individuals booking a tee-time will be accountable for accuracy, including the number of players and their names.

Non-weather-related changes, including cancellation or modifications, to bookings must be made 24-hours in advance of the scheduled tee-time, and are subject to the terms of the cancellation policy.

At the time of creating or modifying a tee-time booking, twosomes and threesomes may be paired with other groups, at the sole discretion of the Golf Shop staff, unless there are unique circumstances.

Designated daily windows for guest-only tee times will be set aside, at the discretion of the Golf Shop. If unfilled 24-hrs prior, the designated tee-times will be opened for general booking.

All golfers are required to check-in with the Golf Shop upon arrival and present their proof of booking to the First Tee Host prior to commencing play.

The GM and Head Professional have the discretion to book infrequent group bookings on a case-by-case basis.

Cancellation Policy

Non-weather-related changes, including cancellation or modifications, to tee-time bookings must be made 24-hours in advance of the scheduled tee time. If not possible due to unforeseen circumstances, the Director of Golf will apply discretion to each situation.

Golf Shop staff will monitor and track compliance to this policy and notify the Director of Golf of any late cancellations or inaccurate bookings.

Late cancellations, or failure to arrive for your tee time (full or partial group) will be subject to penalty at the discretion of the Director of Golf.

At the discretion of the GM or Head Professional, booking privileges may be removed for not adhering to the booking policy:

For guests, the penalty fee will be charged to the credit card provided at booking.

Approved by the Board of Directors at May 17, 2021 Meeting

No matter what your style... I can help you find the home of your dreams. Buy or sell, I'm with you every step of the way.

SEPTEMBER

CALENDAR OF EVENTS

Don't play too much golf.
Two rounds a day are plenty.

HARRY VARDON

30 Course Closure	31 HALLOWEEN					

Success in this game depends less on strength of body than strength of mind and character.

ARNOLD PALMER

I never played a round where I didn't learn something new about the game.
